

Flea and Tick Control

Complete Petmart stocks everything you need to get rid of and prevent fleas and ticks.

Breaking the flea life cycle is critical to successful flea control. To solve existing flea and tick problems and prevent future infestations, pet owners must treat both their pets and their homes.

IT IS AS EASY AS 1-2-3 with the Zodiac 3-Step program.

Step 1-Immediate Relief Use Zodiac shampoos, powders, sponge-ons, and spray products to provide instant relief for pets by quickly eliminating the fleas and ticks. Look for the deluxe products with Methoprene to kill the flea eggs also.

Step 2- Ongoing Protection Spot Ons and collars provide a great on-going protective barrier against fleas and ticks before they can start a problem. Complete Petmart stocks Spot Ons in sizes Under 30lb, 30-60lb, and over 60lb, you are sure to find the size right for your dog. Complete Petmart also stocks a special formula for you cat.

Step 3- Home Premise Control Treatment of the home and premises is the 3rd crucial step in flea and tick control. Zodiac's Step 3 products not only attack and kill adult fleas and ticks they also stop flea eggs from hatching and kill the flea larvae in your home. Look for the new Multi Purpose Premise Spray, guaranteed to kill all live fleas in 10 minutes or less with a 7-month protection.

STOP MOSQUITOES and STOP WEST NILE VIRUS

Complete Petmart stocks a range of mosquito prevention products from Zodiac called Pre-Strike. Look for a mosquito spray to spray on your dog or cat as well as a treatment for all areas of standing water on your property, including, water gardens, gutters, bird baths, and swimming pool covers.
